

**MINOR PROCEDURE REQUEST FORM
DIRECT ACCESS REFERRAL**

APPOINTMENTS: 045 982340

EMAIL: service.upmckildare@upmc.ie

Minor Ops provides an easy direct access service to patients requiring removal of small lesions, ingrown toenails, and other minor surgical procedures under local anaesthetic without the need for an outpatient review. GPs can send referrals directly to UPMC Kildare Hospital for the attention of "Minor Ops" by post, fax or email.

Location of Lesion:		Size of Lesion:			
Any changes in:		Appearance: Yes No		Bleeding: Yes No	
				Pain: Yes No	
Past Medical & Surgical History:					
All Allergies (inclusive of latex):					
Current Medications (inclusive of anti-coagulants, diabetic medication, and PPI's):					
Physical or Sensory Deficits:					
Not all patients are suitable for direct referral minor surgical procedures. If in doubt, please contact our pre-assessment RGN on 045 989761 for advice. It is important to inform your patient that not all lesions may need surgical removal on the day of the appointment, and that in some rare instances following a review of the lesion by the Consultant it may be in the patient's best interests not to have the procedure carried out.
